- reinforced with acoustic filling
- easily mounted on all standard-sized tabletops
- suitable for contract use
- delivered preassembled

Colours

Panel

Note: Due to the recycled content of the PET felt, color differences may occur.

Care & Maintenance

For regular care, we recommend dusting or vacuuming PET Felt occasionally. Most stains can be easily cleaned with water. It is advised to dab the contaminated surface with a dry cloth while it is wet. Do not rub PET Felt to avoid excessive pilling and let the material dry naturally. If water is not sufficient, stubborn stains can be removed with professional cleaning products like the James cleaning set.
